Description

This newly built lavish villa is conveniently located within walking distance of Puerto Banus. Upon entering the villa, you are greeted by a spacious and grand foyer that leads to a sizable and luminous living room complete with a fireplace, an expansive dining area, and a fully equipped luxury kitchen fitted with top-of-the-line Gaggenau appliances and a sleek DEKTON countertop. An island situated in the eastern wing of the house leads to five generously proportioned bedrooms, each with its own en-suite bathroom. The master bedroom, which boasts a fireplace, a commodious bathroom, and a capacious walk-in closet, is a true masterpiece in its own right.

Directly accessible from the main bedroom is an outdoor jacuzzi, while a discreetly positioned outdoor gym, only a few steps away from the main patio and pool, can be accessed directly from the fifth bedroom. The location of the villa is ideal for those who enjoy basking in the bright sunshine that illuminates the area throughout the morning and afternoon. The 6×10 pool, which comes equipped with pre-installed heating and a jacuzzi, provides ample space for enjoying the sunny days.

A commodious chill-out room with a fireplace is located beside the pool. Between the wings of the villa lies a delightful patio featuring a water feature, a touch of Feng-Shui, Spanish design, and an ancient Olive tree, making it an ideal spot to unwind from the daily hustle and bustle. This level also includes a sizable guest restroom, a storage room, and an elevator that leads to the lower floor.

The lower level of the villa houses a wine cellar with an INTARCON cooling system, a heated indoor pool with a chill-out space, a sauna, a movie room with an 80" Samsung flat-screen TV and surround sound, a guest toilet, and a bar with a garage view. The sixth bedroom is a self-contained studio that is ideal for staff or a nanny. Within the confines of the property, there is ample parking for up to eight cars, including a garage that can accommodate one vehicle.
